

Fahad Badsha Shamim

MSc Plant Sciences | Research-Oriented Plant Scientist

Bonn, Germany • fahadbashashamim@gmail.com • +880 01723064863 • LinkedIn: fahad-badsha-shamim-9930b6213

PROFILE

MSc Plant Science student at the University of Bonn with prior agricultural research experience in crop growth and yield evaluation, varietal comparison, profitability analysis and integrated nutrient management. Interested in research at the intersection of plant biology, crop science, sustainable agriculture and modern plant-science methods.

EDUCATION

MSc Plant Sciences — University of Bonn, Bonn, Germany

Current

Research-oriented English-taught programme with strong hands-on laboratory training and flexible study pathways across plant biochemistry, physiology and molecular biology; plant cell biology and development; and plant biodiversity, evolution and systematics.

BSc in Agriculture — Exim Bank Agricultural University Bangladesh, Chapai Nawabganj

13/01/2018 – 07/2022

Final grade: 3.58. Thesis: Yield, Profitability And Prospect of Growth Parameters of different Mustard Varieties in the Barind Tract Area of Chapai Nawabganj.

RESEARCH EXPERIENCE

Yield, Profitability and Prospects of Sunflower Cultivation in Chapainawabganj District, Bangladesh (2023)

Field-based evaluation of growth, yield, profitability and cultivation prospects of two sunflower varieties under the Barind tract conditions of Chapainawabganj, Bangladesh.

Integrated Nutrient Management for Sustainable Cultivation of Okra (*Abelmoschus esculentus* L.) in Northern Ganges River Floodplain Soils of Bangladesh (2024)

Pot experiment evaluating integrated nutrient-management strategies for okra growth and reproductive performance, with attention to soil fertility and sustainable production under subtropical conditions.

Growth and Yield Performance of Different Mustard Varieties Grown in Barind Tract Soils of Bangladesh (2024)

Comparative field evaluation of thirteen mustard varieties under Barind tract conditions, focusing on growth and yield performance during the 2021–2022 Rabi season.

Introduction to Muskmelon in the Barind Tract through Growth and Yield Parameters (2019–2020)

Exploratory cultivation work on a Japanese muskmelon variant in Chapainawabganj, Bangladesh, examining practical crop establishment, growth and fruit performance under local Barind tract conditions.

PROFESSIONAL EXPERIENCE

Biology Teacher — Anondomoy Pathshala (17/04/2021 – 12/03/2022)

Taught Biology to Grade 9 and Grade 10 students, translating biological concepts into clear, structured learning material.

Web Developer / Web Development Trainee — Serve Human Foundation (31/05/2021 – 30/08/2021)

Completed web development and WordPress training; placed first in the programme's freelancing cohort. Training covered HTML, CSS, JavaScript, Bootstrap, PHP and jQuery.

Deputy Country Coordinator — Bangladesh Chapter — Workplace Skill Development Academy New Zealand & International Youth Summit (11/11/2020 – 01/02/2022)

Volunteered for the Bangladesh country chapter, supported youth-opportunity activities and led a small volunteer team.

PUBLICATIONS

Yield, Profitability and Prospects of Sunflower Cultivation in Chapainawabganj District Bangladesh. EBAUB Journal, 5, 37–45 (2023).

Integrated nutrient management for sustainable cultivation of okra (*Abelmoschus esculentus* L.) in northern Ganges river floodplain soils of Bangladesh. Romanian Journal of Horticulture, 5(5), 43–50 (2024).

Growth and Yield Performance of Different Mustard Varieties Grown in Barind Tract Soils of Bangladesh. Journal of Tropical Crop Science, 11(03), 229–238 (2024).

ACADEMIC & COMPUTATIONAL AREAS

Plant Science: Plant Biology, Plant Physiology, Plant Biotechnology, Plant Breeding

Research / Laboratory: Research Methods, Laboratory Techniques

Data / Computational: Data Analysis, R, Python, Excel

Digital: Microsoft Word, Microsoft Excel, PowerPoint, WordPress, SPSS, Canva

Languages: Bengali (native), English (fluent), Turkish (fluent)

SELECTED HONOURS & LEADERSHIP

Web Design & Development — first-position certificate, Serve Human Foundation / World Education Canada (2021).

Deputy Country Coordinator — Bangladesh chapter, Workplace Skill Development Academy New Zealand & International Youth Summit (2020–2022).
